

DRIVING DIRECTIONS:

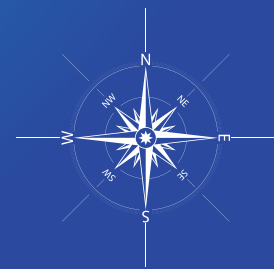

Take the Cinta Costera going west to the Avenida de los Mártires or "4 de Julio" exit, heading toward the Bridge of the Americas. From there, stay straight to the Bridge of the Americas. After crossing the Bridge of the Americas, you will drive a total of 4 km to the exit for Panama Pacifico. During that 4 km drive, notice the green highway signs on the right, which indicate the upcoming exit (2 km, 1 km and located immediately at the right-hand exit). At this overpass, take the second exit to the right that will take you up and over the overpass, heading South (or toward the Pacific Ocean). Keep right until you reach the stop sign. You will reach the Panama Pacifico entrance gate. From the entrance gate, drive 2.4 km to the International Business Park red office buildings. Turn right on the road in front of the office buildings. On this road, drive 0.4 km and turn left. Then drive 0.1 km to the driveway of the IBP, which is on the left side. The Visitor Center is located in the building directly in front of this entrance, on the bottom floor of Building 3815 (previously known as Building A).
